soms day they will foreclose. This is the same game that has been played after every war. Sharpers and gamblers are interfering with legitimate trade as never before. Can particular that it is a good army officer of the sweat of other men's cer and a friend of El Paso and if the army is increased brown, try to keep the truth about conditions from the public in other to prolong their opportunity for making under prolits.

It is a good time to be financially safe. THE MAN WHO SAVES HIS MONEY NOW WILL ESCAPE THE ADVERSITY THAT IS IN STORE FOR THE MAN WHO SPENDS HIS MONEY EXTRAVAGANTLY JUST BECAUSE HE HAS IT. The day of recknning may not be so far away as many suppose.

El Paso is sorry Gen. Howse had to be among the major generals who lest their stars. He is a good army officer and a friend of El Paso and if the army is increased sufficiently to warrant the naming of mora generals, we public in other to prolong their opportunity for making under prolits.

We are quite ready to believe admiral Sims, at least in his declaration that inadequate preparation delayed the effectiveness of the navy over un the other side. It is also far away as many suppose.

The way some man keep their business engagements, it will not be anything new, after their death, when they are referred to as "the late Mr. So and So."

Strangely, the announcement that the present county inchelders were unanimous for another term for themselves came as no great surprise.

It's a pretty good recommendation for a friend when you can approve half the things he does or stands for.

The world is living too isst. Two many folks seem to have lost all consideration of the value of the dolar. Everybody wants what everybody else wants it. The cost is not sways considered.

A reckening is coming as surely as we live.

The world has gone on a wild orgy of extravagance, of high living and carcless expenditure. If we do not call a winner have been a surely as we live.

The world cannot go on in economic peace under present present. It is against all natural law.

Debt contracting is serious business during a period of inflation. When deflation comes, as it will, debts will not contract in proportion. They will have to be paid with money worth more than the money berrowed.

On the other hand, MONEY SAVED WHILE INFLATION IS ON WILL INCERASE IN VALUE, GIVING ITS UNMER FAR GREATER RETURNS THAN COULD BE HAD AT THE TIME IT WAS PUT AWAY.

Thoughtful men are advising greater frugality than sver before on the part of the Accentan people. They see the possibility of persons becoming burdened with debt which will load them down when the deflation process begins. Happily, they see, too, the prosperity that will come to hoos who have the foresight to are.

We have loct sight of the irrue value of things.

The day of recompense is surely coming to those who are giving an thought of the morrow. The federal reserve board, as a very toward deflation, has raised the discount rates to member banks to 5½ and 5 percent. THE BOARD THAT BY MAXING MONEY DEAKER, IT CAN PORCE SEECULATORS TO PUT GODOS ON THE MARE RETURNED THAT BY MAXING MONEY DEAKER, IT CAN PORCE SEECULATORS of poly of compenses to the surely as a result of the movement in Europe to buy as little as possible in almelica, as condition hought as the same surplus stocks of goods will be piled up here as a result of the movement in Europe to buy as little as possible in almelica, as condition hought as a received from the proposition.

A few are new gathering in the debts of the world and mans day they will forcelose. This is the same game that has been played a

Our treasured landmarks disappear in a surprising way, the thing that was a neutrely different individual at much last year is but a fake today. When I was young the village doc said allments like the fin, which give the system such a abook, to causes plain were due. We ast in dranghts, or wet our feet, and went to beds of pain, and the explanation: To such is given the sounding terms, another platform springs, and all our ills are due to germs, he doggone measly things. In fifteen years, or maybe less, that graft will book furbors, and dectors then—I make the guess—will laugh our germs to toom. The rules of health of yesteryeer look now like silly fads, and scientists six up to jeer the wisdom of our dats. The dector of the olden time had chiakers long and black; he couldn't hope to early a dime unless he had a stack. But now the doctor with a beard in deep privation squirms; the man with lambrequins is faced, for they are full of germs. It is a world of pilfle, friends, yet let's retain our grims; for when one streak of wisdom ends, another one began talleyhoring to him, offering assistance. To each is given to the allow the doct. In some the doct to germs, be done to make the city fall and working. On the windom of our dats. The dector of the olden time had shakers long and black; he couldn't hope to early a dime unless he had a stack. But now the doctor with a beard in deep privation squirms; the man with lambrequins is faced, for they are full of germs. It is a world of pilfle, friends, yet let's retain our grims; for when one streak of wisdom ends, another one lateral agents and delight of the lateral agents were injured, one probably family, when a mail and freight collided here has night. Neither train carried passengers.
